NB: Standard Pricing only available for first year customers. Additional bands are available on request.

TGMatrix, Intelligent Freight Matching = lower costs, more matches

A digital Freight Matching platform you can start using for free, and upgrade as you grow.

Standard pricing example

On our standard package, shippers can access the freight matching platform for free, make up to 1000 requests per annum, and make saving of up to £4,500 per annum (based on a 10% assumed match and average lane discount of 15%). Our pricing model is scalable, which means your savings grow as your business grows.

Already have a preferred Carrier?

As a Shipper, you can sponsor a carrier to join the TGMatrix platform free of charge but the carrier will be restricted to only work with you.

Not sure which plan is right for you?

Just pick up the phone and give us a call. We'll help you choose the perfect plan to suit your needs.
